Equal opportunities and you

At Kingston Maurward College we believe that everyone, regardless of whether they are on College premises or away from them, has the right to be valued as individuals and has the equality of opportunity regardless of race, colour, nationality, ethnic origin, gender, disability, sexual orientation, religion or belief, marital status, or age, and that they will not be disadvantaged by any conditions or requirements that cannot be shown to be justified.

Some students may need additional support in order to pursue their course, and the College seeks to provide this wherever possible. We like to think that the students play an active role with the staff in supporting equal opportunities by treating everybody with respect and in reporting discriminatory behaviour. The College wishes to ensure it complies with the requirements of The Code of Practice for Further and Higher Education (Equality Act 2010).
